

Always ahead of the competition i4C, the first private Incubator in Greece launches i4G PRO (Professional) Pre-Incubator. The 15 years of experience, the number of Startups supported and the international projects completed are our solid foundations for the future.

But when you push the startup button passion is the main tool for success. The problems might seem common, like lack of know-how, money, and partners but the solutions can only be tailored made. I4GPRO is here to alter your mindset and present the let's do it mentality.

about us

i4GPRO is here to alter your mindset and present the let's do it mentality.

We know that the real value is the people. The founders, the people in our team but most importantly the people of our network. We connect our companies to mentors, clients and investors. We invest in early-stage companies and young talents. We have close links with the academic community: R&D projects from the scientific community is our main focus. The bottom line is...We are a creative and knowledgeable team with a lot of motivation and enthusiasm!

Let us give you our insights!

why use us

SPACE

We provide working space solutions for every working style and share our common spaces at very reasonable prices. Select the space that best suits your needs and take advantage of our lively community and extensive network!

ENTREPRENEURIAL TRAINING (ET)

Using i4G's extensive experience on entrepreneurship training and the results of a Training Needs Analysis on the required skills of future entrepreneurs in South East Europe, a fast track 3 month Entrepreneurship Training (ET) program has been developed by i4Gpro.

FUNDING OPPORTUNITIES

We are not just a start-up incubator. We are keen on investing in our best teams and boosting them to scale-up. Our goal is to invest in the highest-potential entrepreneurs in the areas of our focus and/or to help them access financial resources from EU open calls, VCs and angel investors. From 2003 until today, i4G has participated in 9 Seed & Pre-seed funding rounds, investing more than €2.3M, in total.

Founders' Lab

Founders Lab is a new model for the development of early stage startups, from idea generation and team formation, to a fully operational business. We host your team at a specially designed co working space and we offer you our 12 month Founders' Lab program.

TURN YOUR BUSINESS IDEA INTO A SUSTAINABLE COMPANY IN TWO PARTS

- 3-month period to prepare your team for future development (including our fast track 3 month training program free of charge).
- 9-month period to give your team access in the market.
